Re: Regional Destination Management Organization

Thank you for the opportunity to present to Council on Tuesday, September 10th. We look forward to bringing new insights and creating discussion around the creation of a Regional Destination Management Organization. Factor 5 Group (consultants hired for the project) will be in attendance and will be presenting:

- Project Overview
- What We Heard and Found
- Regional DMO Strategy
- Proposed Action Plan
- Municipal Partnership Recommendations

We believe this project is a strong example of regional collaboration and look forward to next steps on this for the strength of our tourism industry.

Yours truly,

Sacha Anderson
