Subject: Request for Council on May 10th
Date: April 21, 2022 1:11:19 PM

Hi Jessica,

Here is the request for council on May 10th:

“Puff” and Dan McKim would like to introduce the DU Ranchlands Log Cabin to council. The Log Cabin was established as a Municipal Historic Resource in 2008 – by law 1155-08 represents this designation. The Cabin is also listed on the Alberta Registry of Historic Places. Through a resolution of council in 2009 and on the Municipal Land Use by laws, the view of the Livingstone Range behind the Log Cabin is established as a Historic Scenic Viewscape.

There is an agreement in place between the DU Ranch and the MD of Pincher Creek where council waives the municipal portion of taxes on the DU Ranchlands Log Cabin. This agreement is reviewed every five years.

The Log Cabin is located along the North Burmis Road on NE 14, township 8, range 3, west of the 5th meridian.

Jessica, would you be able to incorporate photos of the Cabin which we assume are on file? If not, then please let us know and we can send you some. We renegotiated the five year agreement with the last council but we are unsure of how many years are left on it. Would you be able to look into this for us and let us know? Thank you!

Take care,

Puff
