

HIGHWAY 3 – SENTINEL TO PINCHER STATION FUNCTIONAL PLANNING STUDY – UPGRADING AND TWINNING PUBLIC OPEN HOUSE

The current phase of the Functional Planning Study (FPS) for the upgrading and twinning of Highway 3 from Sentinel to Pincher Station will build on earlier planning studies, address local road networks, new environmental policies now in effect, and incorporates feedback from stakeholders and the public from engagement sessions.

Stakeholders and interested members of the public are invited to attend the public open houses for a project update. You will learn about the draft recommended plan for Stage 1A (Sentinel to Blairmore) and functional plan options for Stage 1B and 2 (Blairmore to Pincher Station). The project team will be available to answer your questions and to receive your comments.

There are two open houses scheduled:
