

We want to hear from YOU!

**Waterton Biosphere Reserve
invites you to share your
thoughts about our Carnivores
and Communities Program**

The Waterton Biosphere Reserve is administering a social survey to better understand landowner perceptions of program effectiveness and participation in our Carnivores and Communities Program. Your response will help make an important contribution to understanding which issues with carnivores are most pressing, how we are doing with our Carnivores and Communities Program, and what may be required for future efforts. The more responses we collect, the greater our understanding will be. All responses are confidential and no personally identifiable information will be used in reporting.

Please help us spread the word!

To complete the survey, visit our website at:

www.watertonbiosphere.com/cacpsurvey

[The online survey will be open until June 10th](#)

For a paper version of the survey, contact Jeff Bectell using the information below
